

## **HealthWyse Among First to Send HIPAA Compliant Production Transactions**

READING, Mass.--May 2, 2003-- HealthWyse has successfully transmitted production claims in the 837 HIPAA compliant format to the United Government Services (UGS), which serves Region IX, including California, Nevada, Arizona and Hawaii, as the Fiscal Intermediary for Medicare. "UGS has been very helpful in the completion and testing of the HIPAA compliant format and we are pleased to be able to provide this service to our customers" said Andrew Braunstein, CTO. Home Care Plus, with offices throughout Nevada, is the first HealthWyse customer to transmit in this format to UGS. HealthWyse provides an integrated financial and clinical information solution for Home Care and Hospice Providers. Fast and accurate claims are produced using HealthWyse's integrated solution and collections are streamlined through HealthWyse's unique integrated collections functionality. Clinicians use Pocket PCs, Microsoft Tablets or laptops for the clinical record and automatically exchange patient information with the office for immediate availability for billing.
